

Hello everyone

The winners of the September Tenner Club draw are as follows:

1st £25 Elaine Dicker No 3, 2nd £15 Don Baddock No 106, 3rd £10 John Shaw No 121.

The Winter League is now underway and we welcome back our members who have been playing outdoors in the Summer. We also have arranged a number of inter-club friendlies, details on the notice board. Food, drink, bowls - what more could you want!

As you know the opening times of the club have reverted to pre-Covid hours ie doors will be open from 9.30 am, 7 days a week, until later in the day depending on usage. Payment for your roll-ups or league play continues to be by token and if no steward is present you should drop this in the green coin box in the office. The Covid restrictions are lifted and changing rooms can now be used, but please do not leave anything behind, other than of course in a locker. Be mindful of the presence of others and continue to wash hands/sanitise to keep us all safe.

Membership subscriptions inevitably are down on last year and we thank those who have paid. If you have not done so yet, please send your payment by BACS or cheque/cash direct to the club as soon as possible.

Having received a nil response to our request for help with periodic hedge trimming, we now have to look to an outside contractor to carry out this work. Obviously this means a charge to the club of several hundred pounds per annum, which previously we did not have to bear. If you can help with this or indeed have skills/knowledge that might benefit the club, please get in touch.

Date for the diary: Next Carvery Sunday 7 November.

As ever, enjoy your bowls and see you on the green.
